

## Early Repayment Request Form

If you are currently enrolled on at least a half-time basis, and wish to consolidate your eligible federal student loans with Southwest Student Services Corporation, you have the right to request that your repayment period begin at an earlier date on those loans you wish to consolidate. To place your eligible federal student loans into an early repayment status, please read the authorization below and submit to Southwest Student Services Corporation.

### ***Borrower Authorization***

I authorize Southwest Student Services Corporation to place my eligible federal student loans into an early repayment status contingent upon my receiving a Southwest Student Services Corporation Consolidation Loan. In addition, I am requesting that Southwest Student Services Corporation immediately place these loans into an in-school deferment status prior to the processing of my Southwest Student Services Corporation Consolidation Loan.

**I understand that, after this request is granted, the grace period that was available on my federal student loans is waived and cannot be reinstated.**

I authorize Southwest Student Services Corporation to review my loan records on the National Student Loan Data System (NSLDS); this information is needed to complete my application. In addition, I am granting Southwest Student Services Corporation permission to e-mail or telephone me to discuss my consolidation options.

I further understand that if I have eligible federal student loans serviced by a company other than Southwest Student Services Corporation, and I wish to have those loans included in my Southwest Student Services Corporation Consolidation Loan, I must separately contact those servicing companies and request early repayment and deferment.

**By signing below, I agree to the terms stated above.**
